

Fireworks

Boom!

I hear the fizzy fireworks going crazy in the park.
Can you see the dazzling, hot fireworks flying through the night?
How I love the whirling fireworks, sparkling in the sky!

I see the fast and bright fireworks swirling.
Can you see the multi-coloured fireworks crackling through the air?
How the big, bright, speedy fireworks bang in the night!

I hear exploding, swirling, beautiful and pink fireworks.
Can you see yellow and purple swishing?
What hot and colourful fireworks whizz round the night!

I see speedy fireworks in the night.
Can you see the quiet fireworks sprinting across the sky?
How colourful the fireworks are in the park and everywhere!

I see hot burning fireworks, colourful as stars in the dark night.
Can you see exploding fireworks speeding through the night?
How loud and bright indeed they are!

I hear fizzing, multi-coloured fireworks racing through the black.
Can you see them green and red?
I can smell the hot smell of fireworks.
Can you see the fantastic, yellow and purple swishing?

Kaboom, boom!
