

Make a difference

You will need:

- 5 colour counters each & two dice

How to play

1. First player throws two dice and chooses to add the numbers together or subtract one from the other.
2. Put a coloured counter on the answer on the grid. The counters on the grid stay there until the end of the game.
3. Take it in turns to throw the dice, calculate the answer and place a counter.
4. The winner is the player who has covered the most counters at the end of the game.

1	2	3	4
5	6	7	8
9	10	11	12
