

Key Vocabulary

There are some words that are used frequently in our sentences.

It is helpful to know how to **read** and **spell** these words.

Tricky Words

- Some common words are **tricky** to spell.
- Quite often only **PART** of the word gives us problems.

For example:

PEOPLE

- Can you think which parts of this spelling are easy or **tricky**?
-

What did you think?

- In the word people we have some letters that we don't hear when we say the word.
- This can sometimes make words tricky.

pe o ple

Not heard

Try saying these unstressed words as you say the word.

Now try this...

- Can you spot the tricky parts of the following words.
- On a white board write out the words underlining the tricky parts.

half

when

many

What did you think?

- You might think differently to me, but don't worry there is not a right answer to this.

Half when many

Now try saying these words as they are **spelt**
not as they **sound**.
