

Name Kareh Date 27.9.2018

LO: to describe what I perceive with my senses, using adjectives and similes.

A class collaborative poem.

What am I?

I look round and shiny

Bright like a sunshine.

When you touch me I am hard and melting.

When you press me you hear a quiet sound.

When you taste me, at first I am sticky,

then scrunchy and after missing.

I am like a planet or a gem.

What am I?
